Self-Adhesive Tamper Evident Solutions

Tamper Evident - a device or process that makes unauthorised access to the protected object easily visible.

Tamper Evident Solutions are commonly used to secure packaging of confidential or valuable nature

- Electrical goods
- Pharmaceutical
- Cosmetics / Perfume
- Jewellery
- Brand clothing
- Documents
- Aerospace
- Government / police

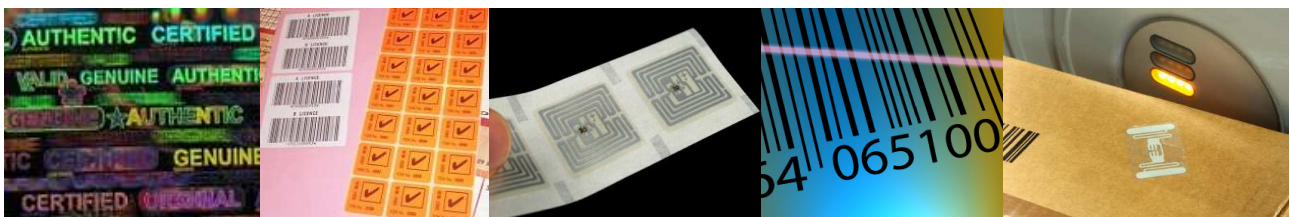

Off the shelf products offer a limited level of security. We specialise in offering finished labels with added security features

- Custom printing, i.e. Company logo
- Sequential numbering
- Barcodes
- UV Printing, only visible under UV light source
- Customised holograms
- RFID Tags

Labels can be converted to size in small as well as large quantities depending on the application. Presentation of labels may include sheets, on a roll or individually stacked.

Tamper Evident Materials are available in a range of colours. Generally our stock is held in red and blue. The message that shows when the label is removed can be altered, subject to MOQ.
